

**BOARD REVIEWED AND APPROVED CHANGES TO THE PUBLIC REVIEW
DRAFT GENERAL PLAN**

During the course of seven public workshops held between November 2006 and April 2007, your Board directed Planning staff to make the following changes to the Public Review Draft General Plan 2030 that was released on November 8, 2006. These changes have been incorporated into the Draft General Plan 2030 that will be sent to the Department of Environmental Review and Analysis (DERA) for environmental analysis. The General Plan Workshop date and workshop number when your Board directed that these changes be made are included in parenthesis after each item.

LAND USE ELEMENT

1. Add the Grant Line East area in the UPA. (2/13/07, Workshop #22)
2. Update policy LU-33 and Table 8 with changes per Planning staff's meeting with Regional Transit. (2/13/07, Workshop #22)
3. Reevaluate how the infill strategy is described in the Land Use Element. The draft Element referred to it as an "assumption" based strategy, thereby giving an impression that the County is not proactively encouraging infill development, which is incorrect. (12/5/06, Workshop #20)
4. Land Use Diagram:
 - Add Grant Line East area in the UPA and designate it as Urban Development Area. (12/5/06, Workshop #20)
 - Remove RCA designation from Lot P. (4/11/07, Workshop #25)
 - Show Eagles Nest Airport (Amador County). (4/11/07, Workshop #25)
 - Add a Natomas Joint Vision overlay designation and language describing the designation (2 versions being forwarded to environmental review – one "informational" and one "policy-based"). (2/13/07, Workshop #22)

OPEN SPACE ELEMENT

1. Modify OS-11 and IM A addressing grade separations responding to SVC letter. (4/11/07, Workshop #25)
2. Add text describing the Open Space Vision Diagram that states that the Diagram serves as a policy guide and is not a plan for acquisition. (3/14/07, Workshop #23)

CONSERVATION ELEMENT

1. New policy- avoid infrastructure near preserves to extent possible- under Habitat Preservation and Management section. (4/11/07, Workshop #25)

OTHER

1. Created new Delta Element from Delta Protection Plan policies. (4/11/07, Workshop #25)
